

The Perfect Ring Size Finder

We have two ways of finding out your ring size - Either using an existing ring, or by simply using a piece of string or paper. Follow method A or B, or even both to find out your perfect size.

Method A

- Take a ring that already fits the finger you plan to wear your new ring on, and place it over the circles below to find your size.
- Ensure the inner edge of your ring aligns with the outer edge of the circle.
- If your measurement falls between sizes, we recommend choosing the larger size.

Method B

- Use a non-stretchy string or strip of paper about 6" long
- Wrap it snugly around your finger where your ring will sit (not too tight)
- Mark the point on the string or paper where it overlaps to form a complete circle
- Place the length of the string or paper on the lines on the paper below to determine your ring size
- If your measurement falls between sizes, we recommend choosing the larger size.

Size 3 - 44 mm	_____
Size 4 - 47 mm	_____
Size 5 - 49 mm	_____
Size 6 - 52 mm	_____
Size 7 - 54 mm	_____
Size 8 - 57 mm	_____
Size 9 - 60 mm	_____
Size 10 - 62 mm	_____
